

Speedy Freight

Environmental Objectives 2025

- Promote environmental awareness, objectives and reporting in all Speedy Freight owned & franchise sites
- Preserve our carbon-neutral status in partnership with Carbon Neutral Britain®
- Empower local environmental champions to implement practical initiatives that reduce our environmental impact
- Strive to reduce the waste sent to landfill by recycling obsolete IT hardware, furniture & uniforms and separating waste
- Add electric vehicle charging spaces at our warehouse sites
- Establish a suitable intensity value to further track and implement reduction strategies
